## *Hudson River Valley Chapter of the American Society of Safety Engineers*

## **Professional Development Conference and Trade Show**

# *Safety Issues in a Rapidly Changing World*

**Local 363 IBEW  
Training Center  
67 Commerce Dr. S.  
Harriman, NY 10970**

**April 13<sup>th</sup>, 2017  
09:00 – 4:00 PM**

**Keynote Speaker:**

*Marianne Santarelli,  
Gilbane Building USA*

The Hudson River Valley Chapter of the ASSE is pleased to once again present a full day Professional Development Seminar and Vendor Show designed to help today's EH&S professional in addressing various hot topic issues. The seminar will consist of various concurrent PDC leaning experiences providing some of the most current, up to date information presented by leading speakers in the EH&S field. The sessions will address issues including Demolition Issues, Crane Safety, Active Shooter, Incident Command, Silica, Lift Safety, Ergonomics, and more!

Lunch will be provided in combination with a vendor showcase featuring over forty vendors providing safety, IH and environmental safety products. As in past years our vendors will be giving away some great prizes.

A Thirty (\$30) fee includes access to all of the PDC educational sessions, vendor show and lunch. Payment can be made by visiting our website at <http://hudsonrivervalley.asse.org> and using Paypal (preferred). There will be a \$15 late fee for all registrations after March 31<sup>st</sup> 2017. The Keynote Speaker will be Ms. Marianne Santarelli of Gilbane Building USA. *Marianne Santarelli has over 35 years of experience in safety, occupational health and environmental management in the United States and broad international experience working in Europe and Asia. Currently the Safety Director for Gilbane Building Company's New York division, Marianne works with project teams to develop customized and project-specific safety plans, align and engage subcontractors with the company's safety focus, identify key safety challenges and develop and implement strategic plans to mitigate these risks throughout the life of the project. Her Presentation is titled "The life of a Safety and Health Professional and how to manage and reinvent yourself along the way"*
