October 2018

## President's Message

Hello LI ASSP Chapter! My name is Anthony Marletta and I would like to thank you for honoring me as your president for the 2018-2019 chapter year. I am extremely excited about the opportunity to serve our 300+ members the best I can, and I think this chapter year is already off to a great start!

The Long Island Chapter of ASSP is a member driven organization and is completely for the benefit of its members. I, along with all the other chapter officers, have been working diligently to better your experience with ASSP through the various meetings and opportunities we are providing to our membership. We constantly strive to create thought provoking Technical Meetings and industry-specific Professional Development Seminars that are not just informative, but fun! This year, we decided to have our meetings on the second Wednesday of every month (mark your calendars now!) to aid our members in planning ahead for our meetings.

Please take advantage of all that a ASSP membership has to offer. If you need anything, or have any questions/suggestions along the way please feel free to reach out to me at

[Anthony.marletta@libertymutual.com](mailto:Anthony.marletta@libertymutual.com).

See you at our next meeting!

Sincerely,

Anthony Marletta

*"Grow as a Safety Professional, Add Value to your Organization, & Have Fun Doing It!"*

## September Meeting— “Let’s Wine about It”

The local Long Island ASSP chapter traveled to Macari Vineyards in Mattituck on September 12th to begin the 2018/19 ASSP year. The tour was the first of several exciting meetings and visits planned for the upcoming ASSP calendar year.

The tour was led by Macari’s award winning winemaker, Kelly Urbanik Koch. Kelly provided a full circle tour in regards to the wine making process from A to Z, in addition to discussing the safety measures in place for each stage of the wine making process. The tour concluded with wine sampling while looking over the vineyard.

President Elect Theo Santo answering a question on proper patient handling practices.

## October Meeting— “Patient Safety isn’t so Spooky”

President Elect Theo Santo presented the first of several Technical Meetings on October 10th.

Theo, who is a technical specialist in safe patient handling, discussed the opportunities for the healthcare industry as a whole to improve upon methods and techniques to reduce injuries and costs associated with patient handling.

Theo Santo is a Senior Risk Control Consultant for Liberty Mutual Insurance.

### Long Island ASSP Facts

- ◇ Established for 35 years and is 300 members strong and counting.

## Upcoming Meetings

### December Meeting

#### ***Murder Mystery Dinner / Annual Holiday Celebration***

**When:** December 12, 2018 6:30 pm—9:00pm

**Where:** Parlor House Grill—298 W. MAIN STREET, SAYVILLE, New York, 11782, United States

**How:** Registration is required ahead of time. [Register Here.](#)

Come celebrate the 35th anniversary of the L.I. Chapter of the American Society of Safety Professionals for an interactive murder mystery dinner, produced by Knock 'Em Dead Comedy.

Our annual Holiday Celebration/Anniversary will be held on December 12th from 6:30 to 9:00 PM at "Parlor House Grill" located at 298 W. Main St, Sayville, NY. Food and non-alcoholic drinks are included this year at a discounted cost of \$20 for members and \$25 for guests. Students are free.

We will also be accepting donations to The Dreamweaver House, a non-profit organization that offers free consultations, evaluations, care and schooling rights advocacy to children and families affected by Autism, ADD, ADHD, RAD-PTSD, SPD, SID, ODD, PDD, learning delays, and other neurological, behavioral, mental and physical disabilities. Suggested donation of \$10, but any amount helps this organization serve families in need. We look forward to seeing everyone at this year's Holiday Party! Register today!

## Safety News

### OSHA Reveals Top 10 Violations for 2018

Oct 23, 2018

OSHA has announced the preliminary Top 10 most frequently cited workplace safety violations for fiscal year 2018. Patrick Kapust, deputy director of OSHA's Directorate of Enforcement Programs, presented the list during the 2018 NSC Congress & Expo in Houston, TX.

Year to year, the rankings rarely change, although this year's No. 10, "Eye and Face Protection" (1926.102) was not on the 2017 list.

The Top 10 for FY 2018\* are:

1. Fall Protection – General Requirements (1926.501): 7,270
2. Hazard Communication (1910.1200): 4,552
3. Scaffolding (1926.451): 3,336
4. Respiratory Protection (1910.134): 3,118
5. Lockout/Tagout (1910.147): 2,944
6. Ladders (1926.1053): 2,812
7. Powered Industrial Trucks (1910.178): 2,294
8. Fall Protection – Training Requirements (1926.503): 1,982
9. Machine Guarding (1910.212): 1,972
10. Eye and Face Protection (1926.102): 1,536\*Based on data as of Oct. 1, 2018.

## Job Opportunities

### Environmental Health & Safety Coordinator – Adelphi

The Office of Risk Management is a newly formulated unit at Adelphi University, created as a result of careful consideration of campus needs, as well as a review of best practices among peer institutions nationwide. The University completed a comprehensive enterprise risk assessment that involved numerous stakeholders, (including the Board of Trustees), and chartered major initiatives to perform ongoing assessments of risk with the stakeholder groups, and analyze the University's exposure to risk and identifying alternatives for mitigating or managing risk. Environmental Health & Safety Coordinator will direct, lead, promote and support a comprehensive environmental health and safety program for Adelphi University by developing a service-oriented environmental health and safety practices. The coordinator will be responsible for managing environmental health and safety operations, services and programs at 4 New York locations. He/she will develop, maintain and promote policies, procedures and programs necessary to maintain a safe and healthy environment for students, faculty and staff. The coordinator will ensure that the campuses are compliant with pertinent local, state and federal environmental health and safety codes, standards and regulations.

#### COMPETENCIES

1. Demonstrate initiative, willingness to offer ideas, imagination, creativity, passion, courage, optimism and good judgment.
2. Sophistication around institutional communication; excellent listening skills; capacity to understand nuance.
3. Outstanding interpersonal skills, energy, sincerity, self-confidence, a "can-do" and enabling attitude, combined with patience, perseverance, the ability to deal constructively with conflict and criticism, and a good sense of humor.
4. The highest degree of personal integrity.

#### EDUCATIONAL/EXPERIENCE REQUIREMENTS:

1. Bachelor's Degree and master's Degree preferred in a related scientific, management or health and safety field such as environmental health, industrial hygiene or safety engineering.
2. Board certification in a recognized professional health and safety discipline such as industrial hygiene (CIH) or safety professional (CSP) is Demonstrated ability to lead effective change.
3. Must have at least seven (7) years progressive experience in the management of comprehensive environmental health and safety programs at a comparable organization.

POSITION(S) SUPERVISED: Chemical Hygiene Officer and Radiation Safety Officer

Applicants should send resumes with cover letters directly to Ms. Lee, Director of Risk Management at [jhlee@adelphi.edu](mailto:jhlee@adelphi.edu).

## Student Interns Available

### Stony Brook University Environmental Health & Safety Interns

It's that time of year where I'm making arrangements with our hosting institutions for our Environmental Health & Safety Interns and I'll be looking to place them in late January/early February. Can I count on you to take our Intern(s) this year?

Stony Brook University's School of Health Technology and Management is looking to place EH&S students in the field. These students are graduating seniors and are available for internships from early February until mid-May. Their areas of interest are in the following disciplines:

- \* Industrial Safety Engineering / Occupational Safety
- \* Industrial Hygiene / Occupational Health
- \* Radiation Safety / Health Physics
- \* Fire Protection / Fire Safety
- \* Environmental Management (Air/Water/Soil)
- \* Waste Management
  
- \* Emergency Management
  
- \* Healthcare Safety/Environment of Care

The students are typically available in 1/2 day blocks, but many are available for full days (this must be coordinated through the individual students). They are required to complete a minimum of 90 hours of internship by graduation in May. There is no cost to the hosting institution. If you are interested in having a student intern with you, please contact Leo DeBobes at [leo.debobes@stonybrookmedicine.edu](mailto:leo.debobes@stonybrookmedicine.edu)

More details about the BS in Health Sciences (EH&S concentration) can be found at <http://healthtechnology.stonybrookmedicine.edu/programs/hs/curriculum/nonclinical>

As many of you already know, our students intern in hospitals, schools, industry, and regulatory agencies (and elsewhere) throughout the Long Island and NYC areas.
